

PRIVACY POLICY

EOS COMPLIANCE

Epic Online Services (EOS) Integration

Application: Axiom **Developer:** Dark Games Studios **Updated:** October 2026

1. INTRODUCTION & OVERVIEW

This Privacy Policy explains how **Dark Games Studios** ("we", "our", or "us") collects, uses, and protects your personal data when you interact with our application, **Axiom**, utilizing **Epic Online Services (EOS)** provided by Epic Games, Inc.

2. DATA COLLECTED VIA EPIC ONLINE SERVICES

To deliver online multiplayer features, social connectivity, and regional matchmaking in Axiom, we request access to specific permissions (scopes) through your Epic Games account:

Basic Profile `basic_profile`

ALWAYS REQUIRED

Allows read access to user display name, language preference, and linked account display names.

Application Use: Displaying your in-game username, setting the interface language, and recognizing connected platform accounts.

Online Presence `presence`

REQUIRED

Allows the application to set the online presence of the current user and receive online presence updates from their friends.

Application Use: Showing your active game state in lobbies and updating your availability status for friends in real time.

Friends List `friends_list`

REQUIRED

Allows read access to the friends list for the current user's account.

Application Use: Populating your in-game friends list to send party invitations and facilitate group matchmaking.

Country `country`

REQUIRED

Allows read access to the country of the current user's account.

Application Use: Routing your connection to the nearest game server for optimal ping and ensuring regional compliance.

3. DATA USAGE & RETENTION

All data accessed through Epic Online Services is processed strictly for essential gameplay functionality and real-time social services.

Data Field	Primary Purpose	Retention Period
Display Name & IDs	Session identification, leaderboard display	Active game session
Online Presence	Real-time lobby & party status updates	Transient (In-memory only)
Friends List	In-game social overlay and party invites	Fetches dynamically via EOS API
Account Country	Regional server allocation & latency reduction	Active session duration

4. DATA SHARING & SECURITY

No Data Sales: Dark Games Studios does not sell, rent, lease, or trade personal data obtained from Epic Online Services to third parties or advertising networks.

Security Standards: Data transfers between Axiom and Epic Games servers occur over encrypted channels (TLS/HTTPS). Axiom never requests, receives, or stores your Epic Games account password.

5. USER RIGHTS & PERMISSION REVOCATION

Under applicable privacy laws (including GDPR and CCPA), you hold full rights regarding your personal data processing.

Revoking Access: You may revoke Axiom's access permissions at any time through your Epic Games Account settings at `account.epicgames.com` under *Apps and Accounts*. Revoking access will disable online social and multiplayer features within Axiom.

6. CONTACT & PRIVACY INQUIRIES

If you have questions, concerns, or requests regarding this Privacy Policy or your data in Axiom, please contact Dark Games Studios:
